X. Adjournment
Executive Summary: The COVID-19 global health pandemic caused by a novel coronavirus has had a historic impact on our society and our schools have been dramatically changed by it. Governor Tim Walz closed schools completely from March 18-March 27 and directed schools to develop a distance learning plan to educate students remotely for up to eight weeks, with instruction beginning on March 30. On April 22, the Governor announced that schools would continue the distance learning model for the remainder of the 2019-2020 academic year. In addition to providing education via distance learning, schools are required to provide free childcare for the children (Kindergarten through Age 12) of health care and emergency workers and to provide free meals to students. Northfield Public Schools has embraced these roles in supporting the State of Minnesota’s efforts to mitigate the impact of COVID-19.

Student Survey

In collaboration with District Director of Assessment Services Hope Langston, the District Youth Council conducted a survey of middle school and high school students about their distance learning experience. The following images are part of that survey.

You can see from the images that the majority of students across the District have adjusted to distance learning. However, we also know that it has not been a simple transition for our students, as outlined in the word cloud below.
Anecdotal feedback had indicated some concern about teacher consistency in communication at the secondary level. The survey demonstrated far more teacher consistency reported by students than anticipated.

We have also been measuring both attendance and engagement. The graphs below show student engagement using SeeSaw (primarily elementary) and Schoology (primarily secondary).
We have seen fairly consistent engagement through Schoology at the secondary level and less specific engagement through SeeSaw at the elementary level. Our analysis indicates that this relates to elementary schools adjusting their daily SeeSaw posts to meet the needs and times for students and families.

Attendance has also been tracked. The graph below shows the number of absences. The high school data looks different because each missed class period is reflected in the data. The high school's Friday attendance looks different because of the approach they have used on Fridays as individual work time and connection with teachers on an as-needed basis.

COVID-19 Analytics - Northfield Public Schools

Each school has a team of staff members who carefully review attendance and engagement each week and reach out to students who we are concerned about.

**Modification to the end-of-year distance learning schedule**

Formal classes will not be held during the week of June 1-5 and new required activities will not be assigned. This week will be used for students to submit any final outstanding work, parent/teacher/student connections, debriefing our distance learning experience, cultural competency training, and planning for next year. This week will include a mix of District-directed activities and staff work time. All employees regularly scheduled to work during June 1-5 will do so. Our free meal and childcare programs will operate as scheduled.

These changes to our distance learning plan are to ensure as many students as possible complete their fourth-quarter work and to have an intentional method of capturing what we have learned during this remarkable change in delivering public education. We will strategically communicate these plans in the coming weeks.

**Emergency Childcare and Free Meals**

Our childcare center for Tier I emergency and health care workers continue to operate well. As of this publication, our child nutrition department has served more than 47,000 meals and our emergency childcare center has served an average of 52 children per day at Bridgewater Elementary.
How this data-driven Minnesota school district is supporting students during COVID-19

EILLIE ANZILOTTI
PUBLIC AFFAIRS SPECIALIST AT TABLEAU
MAY 6, 2020

As COVID-19 has progressed through the U.S. and states have implemented stay-at-home orders, nearly everyone’s lives have been disrupted. For schools and the kids who attend them, these changes have been particularly challenging. Instead of sitting with each other in classrooms, students are attending courses remotely, and interacting even more over screens than in real life. Without the usual face-to-face interactions, teachers are struggling to figure out how to assess student engagement and progress, and make sure their kids are feeling supported.

While every school district is grappling with these challenges, the community in Northfield, Minnesota has decided to meet them head-on—with data.

Northfield is home to around 20,000 people, and around 4,000 of them are students in the local public school district. Over a quarter of those students qualify for free and reduced lunch, and around 22% are students of color. The district is part of the StriveTogether network, which helps schools engage a wide range of stakeholders—from parents to businesses to investors—in improving educational outcomes for kids. In 2015, StriveTogether began a partnership with Tableau Foundation to expand its use of data across the network. Through that partnership, Hope Langston, the Director of Assessment Services for the Northfield Public School District, participated in a fellowship program in 2017 to learn Tableau and apply it to her work with the schools. Since then, the Northfield Public School District, as well as the Northfield Healthy Community Initiative, which creates programs to support young people, have used Tableau to make decisions and assess their performance.

When COVID-19 forced schools to close across Minnesota, leaders like Langston and Austin Bauer, the Director of Reporting and Analytics for Northfield Healthy Community Initiative, which serves as the backbone organization for the StriveTogether cradle-to-career initiative Northfield Promise, knew that data could help them ensure that their students continued to succeed throughout the challenges.

Mapping to identify needs

“When we launched what we’re calling Distance Learning here in Minnesota, we knew we had to go after basic needs and make sure our students who depend on free and reduced lunch could still get meals,” Langston says. “We had to figure out where our pockets of need are, map out our bus routes and determine where we could place meal distribution sites.” Student socioeconomic data is protected, so Bauer quickly created a heat map using aggregate addresses that identified the greatest need so the school district could understand where to set up distribution sites. He now manages a daily tracker to show how many meals go out to families each day. That way, Northfield administrators can see changes over time in distribution at each site, and be prepared to respond if they notice a drop in meals or other causes for concern.

“Our visualizations are not polished,” Bauer says, “but they don’t need to be in order to be actionable.” Langston adds: “It’s not about how intricate or complex the dashboard looks. It’s about if it’s helping us meet a need in our community, and getting us the information we need as clearly and as quickly as possible.”

Mapping the community has also enabled the Northfield Public School District to meet another critical need: internet access. When distance learning was first announced, “we had parents calling and saying that they didn’t have internet for their kids to use at home,” Langston says. “So we knew where they were and we knew where other pockets of need are in our community.” Bauer mapped out the information in Tableau, and the team was able to take the images to their local internet service providers—both the corporate provider, Charter Communication, and the city-managed network—and ask them to help bring the houses online.

“It’s an equity issue,” Langston says. “Charter was saying they would offer two months of free internet, but if you have any barriers like language or poverty, it’s difficult to navigate.” Using the data they had on who needed help, Langston and her team were able to mobilize a group of local volunteers to help families in need navigate the process, and the connectivity rates shot up. Now, they’re able to deploy the same tactic—identify the need, and mobilize a support system to help—if a family reports an outage or if their
bandwidth is not strong enough to support more users than normal. "We couldn't have done this if we didn't have an accurate picture of what the need is," Langston says.

Tracking student engagement

Alongside meeting students' basic needs at home, the Northfield team wanted to make sure that students stayed connected and engaged with their schoolwork as they transitioned to distance learning. "Getting kids connected to the internet was a first step—and the next step is figuring out if they're actually engaging," Langston says. Data could help with that, too.

Bauer created a dashboard that enables teachers and administrators to access real-time information about student attendance in virtual classes and their engagement. Northfield keeps this dashboard private to protect student information, but on it, administrators can easily access data on student attendance. "The nice thing about this is when you click on a student's name, you can quickly see which period they were absent: It gives you their
teacher's name and their teacher's email. So if you're an admin, you can quickly find out who to notify and connect with. And it's sorted to show those students who are most at risk based on absences," Bauer says.

**Dashboard tracking student attendance (Northfield HCI)**

Having this insight has enabled Northfield to respond in real time to student needs. “This is how we discovered some other kids with ongoing internet access problems, or other kids who haven’t been able to engage because they’re taking care of their younger siblings during the day,” Langston says. “That’s helped us adjust and work with students — maybe it makes more sense for them to watch the Zoom meetings in the evening and record their attendance in a different way. It’s building in some flexibility for families.” Teachers and admins get this data every day, Langston adds, so they can respond as quickly as possible.

**Understanding opportunities for support**

One of the biggest gaps created by distance learning, Langston says, is the loss of emotional connection and understanding that classrooms foster. Teachers and school administrators need a way to be able to read their students emotions and assess their well-being, even if they can’t see them.
So Northfield has crafted a set of surveys that they’re asking students, parents, and teachers to take. “The main need was to know immediately how students were feeling about distance learning,” Langston says. Langston created a chart that reports survey data about student sentiment: Right now, the majority of students are saying they’re adjusting to distance learning but with some difficulty. That tells the schools that they’re doing many things right, but it’s still a time of upheaval and transition. They can repeat the survey to see how sentiment changes over time.

For parents, the survey included questions on how they felt their kids were adjusting, and how much time they were spending on distance learning. It also included a portal where parents could issue “shout-outs” to teachers or administrators who had been particularly helpful. “We want to collect data on engagement and more logistical things like tech issues, but we also wanted to create an avenue for positive feedback and a way to make sure that gets back to principals and other administrators,” Langston says. Staff, too, were invited to fill out a survey assessing how they’re feeling amid the transition.
How staff is feeling:

**Staff sentiment tracker (Northfield Public Schools)**

"The feedback we’re getting now will help us adjust course—because schools are closed for the rest of the year—and it will allow us to keep assessing how we’re doing," Langston says.

The Northfield team had a one main goal in their use of data to problem-solve amid COVID-19. They wanted to make sure they could access the most complete information on their students’ needs as they could—and that they could understand it and take immediate action where needed. "You can’t respond if you don’t know what the issue is, right? That’s where Tableau helps us identify and really target what the scope of the problem is," Langston says. The dashboards that the Northfield team created for its COVID-19 response are not those that a Zen Master might create, she adds, but they have been widely deployed and used across the community because they are comprehensible, up-to-date, and actionable. What Northfield has done with their data is leading their community through change, and even though the district is small, their comprehensive approach can serve as a template for any schools navigating uncertainty during the pandemic.

I. Call to Order

Board Chair Julie Pritchard called the Regular meeting of the Northfield Board of Education of Independent School District 659 to order at 7:00 p.m. Due to the current federal and state emergency declarations, the Minnesota directive for residents to stay at home and guidance about limiting person-to-person contact due to the COVID-19 pandemic, this meeting was conducted via video conference in accordance with Minnesota Statutes 13D.021. In addition, the school board determined that it was not feasible for at least one board member, or the superintendent to be physically present at the regular meeting location and that it was not feasible for the public to attend this meeting at the regular location. The district did make accommodations for public comment which are outlined below.

Board member attendance was taken by roll call. Anita Aase, Executive Administrative Assistant to the Superintendent and Board of Education, called the name of each board member in alphabetical order by last name and the board member responded “present” when his/her name was called. Present: Baraniak, Goerwitz, Hardy, Iverson, Pritchard, Quinnell and Stratmoen. Absent: None.

Also present at this video conference meeting was: Dr. Matt Hillmann, Superintendent; Aase; Val Mertesdorf, Director of Finance; and Erin Bailey, Director of Community Education. Observing the meeting were: Teri Knight, KYMN radio; Sam Wilmes, reporter with the Northfield News, and members from the District Youth Council. This meeting was live streamed and recorded, and access to the recording was posted to the school district website.

Board Chair Pritchard outlined the procedures for this meeting:

- Board members were asked to mute their microphone when not speaking.
- During the course of the meeting when a motion and a second is required, Dr. Hillmann would initiate the “ unmute” for all board members.
- The agenda item being discussed would be displayed on the screen.
- At the start of each discussion Chair Pritchard said she would call on each board member in alphabetical order by last name for any questions or comments. If they didn’t wish to speak, they would be welcome to pass.
- There would be one round of questioning for board members. If board members had a follow-up question or comment, they could consider using the Raise Hand feature in order to be recognized by the Chair.
- All votes on the Items for Individual Action would be conducted by roll call by Aase. Each board member was instructed to wait until their name is called before voting.

II. Agenda Approval/Table File

On a motion by Quinnell, seconded by Hardy, the Board approved the agenda by roll call. Voting ‘yes’ were Baraniak, Goerwitz, Hardy, Iverson, Pritchard, Quinnell and Stratmoen. No one voted ‘no’.

III. Public Comment

To accommodate the public comment portion of our meeting, members of the public were invited via the school district website to submit feedback to the Board via email by 5:00 p.m. on April 27, 2020. All submissions that followed the district policy regarding public comment would be read by Chair Pritchard at this time. There were no public comments submitted for this Board meeting.

IV. Announcements and Recognitions

- Dr. Hillmann encouraged school board members to watch the District’s social media sites where we continue to post impressive happenings with distance learning, for example, the video highlighting Arts ala Carte.
V. Items for Discussion and Reports

A. **COVID-19 / Distance Learning Update / District Operations.** Dr. Hillmann updated the Board on the district’s response to COVID-19, distance learning plans, and general district operations.

- By order of the Governor of the State of Minnesota, distance learning was extended to the end of this academic school year, and there will be no distance learning on Friday, May 1, or Monday, May 4. These days have been set aside for planning and training purposes.
- The District continues to provide free child care for essential Tier I workers and to provide daily breakfast and lunch at three pickup locations in the district and to deliver meals on rural routes with assistance from Benjamin Bus.
- Family and licensed staff survey results were shared with the Board.
- The high school administrative staff is collecting feedback from parents and students, and will announce the plan for senior graduation by May 5.
- Based on discussions with parents, students and other superintendents, the administration is researching the possibility of ending the current academic year one week early. This would allow staff and administrators time for a deep dive and reflection regarding distance learning. A calendar change for the 2019-2020 academic school year may be brought to the school board as an item for individual action at the next meeting.

B. **Cannon Valley Special Education Cooperative (CVSEC) Update.** Dr. Hillmann informed the Board that CVSEC Executive Director Lynn Krominga has resigned and a search for her replacement has begun. There is consideration being given to consolidating buildings for the cooperative with a new lease. This will be an item for discussion and reports at the next board meeting and an item for individual action at the May 26, 2020 board meeting.

C. **Stormwater Maintenance Agreement for Greenvale Park Elementary.** Superintendent Hillmann reviewed the stormwater maintenance agreement for Greenvale Park Elementary School. This will be an item for individual action at the next board meeting.

D. **Financial Update.** Director of Finance Val Mertesdorf provided a financial update to the Board which included refunds issued for all scheduled field trips and spring activities which were cancelled. Additionally, a portion of high school parking permit fees were refunded to families. The high school choir trip was cancelled and we continue to work with the travel agency that booked the trip to secure reimbursement.

E. **Policy Committee Recommendations.** Dr. Hillmann presented the policy committee’s recommendations on Policies 414, 419 and 421. This will be an item for individual action at the next Board meeting.

VI. Consent Agenda

On a motion by Goerwitz, seconded by Baraniak, the Board approved the following Consent Agenda items by roll call. Voting ‘yes’ were Baraniak, Goerwitz, Hardy, Iverson, Pritchard, Quinnell and Stratmoen. No one voted ‘no’.

NOW, THEREFORE, in consideration of the foregoing facts and circumstances, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Installation, Construction and Maintenance.
   a. Construction and Installation Requirements. The Owner shall construct and install the Facilities in accordance with the Site Plan, the approved specifications and this Agreement, at the Owner’s sole cost and expense.
   b. Maintenance Obligation. The Owner shall operate, maintain, repair and replace, as applicable, the Facilities in accordance with the Site Plan, the approved specifications, this Agreement, and applicable law and City Code, as amended, at the Owner’s sole cost and expense.
c. **Snow and Leaves Removal and Prohibited Storage.** The Owner shall sweep clean the private streets, driveways, parking area and walkways on the Property in April or May and October or November each year to remove from the Property all sand and salt deposited on the private streets, driveways, parking area and walkways. e. **Maintenance of Vegetation.** As applicable, the Owner shall maintain and, when necessary, replace approved plants and vegetation set forth in the specifications. Notwithstanding normal plant maintenance, such as pruning, dividing or thinning vegetation, the Owner shall seek approval from the City before altering the plants used as part of or in relation to the Facilities. The Owner shall not use any chemicals within the Facilities unless first approved by the City and only when necessary for the protection of the Facilities or vegetation associated therewith. The Owner shall repair any erosion within or surrounding the Facilities. The Owner shall conduct monthly inspections of the Facilities during the growing season, at the Owner’s sole cost and expense, to ensure the Facilities and associated vegetation are maintained in compliance with the specifications, this Agreement, and applicable law and City Code, as amended. If necessary, the Owner shall repair the Facilities if not in conformance with the standards set forth herein. Repairing landscape and vegetation to maintain a healthy plant community associated with the Facilities may include replacement of dead or diseased plants, vegetation or mulch and removal of noxious weeds, litter or other debris.

f. **Maintenance Costs.** The Owner shall incur and pay all costs associated with operating, maintaining, repairing and replacing the Facilities on the Property.

2. **Inspections.**

   a. **Annual Inspections.** The Facilities shall be inspected annually by a Qualified Person selected by the Owner to determine whether or not the same are functioning in accordance with the specifications, this Agreement, and applicable law and City Code, as amended. As used in this Agreement, the term “Qualified Person” shall mean a professional engineer licensed by the State of Minnesota, or a person approved by the City Engineer based on training and experience. The Owner’s responsibilities under this Section shall be at the Owner’s sole cost and expense. If, as a result of the inspection, the Facilities or any portion thereof are determined not to be functioning in accordance with the specifications, this Agreement, and applicable law and City Code, as amended, the Owner shall restore/repair/replace,
as necessary and required by the City Engineer, the Facilities to function as specified herein. Upon request from the Owner, the City Engineer may establish an inspection schedule permitting such inspections to be performed less frequently than annually, but the City Engineer may reinstate the annual inspection schedule at any time by notice to the Owner in the City Engineer's sole judgment and discretion.

b. **City Notification of Inspection.** The City shall be notified at least 48 hours prior to the annual inspections or any repair, maintenance or replacement of the Facilities and, at the sole cost of the City, a representative of the City may observe any inspection, repair, maintenance or replacement.

c. **City Right of Entry and Independent Inspection.** Pursuant to City Code, Section 22-306, which is incorporated herein by reference as amended, the City shall have right of entry onto the Property to inspect the Facilities at any time, but the City shall use reasonable efforts to notify the Owner of its intent to enter the Property to inspect. The City shall have the right to enter the Property when the City has a reasonable basis to believe that a violation of the specifications, this Agreement, or applicable law and City Code, as amended, is occurring or has occurred and to enter upon the Property when necessary, in the City Engineer's sole judgment and discretion, for abatement of a public nuisance or correction and enforcement of a violation of City Code or this Agreement. The City shall not be subject to or liable for any claims of trespass by the Owner in exercising its rights under this Agreement.

d. **Inspection and Maintenance Report.** The Owner shall submit a report to the City, no later than two (2) weeks after any annual inspection or maintenance of the Facilities, providing the following information:

   i. Date and time of inspection;
   ii. Log of findings;
   iii. Date and time of maintenance; and
   iv. Log of maintenance performed.

3. **Remediation and Waiver of Rights.**

   a. **Remediation Plan.** If the City Engineer determines that the Facilities do not conform to the Site Plan, the approved specifications, this Agreement, or applicable law and City Code, as amended, the City Engineer shall notify the Owner of the deficiency in writing. The Owner shall submit a proposed remediation plan and schedule to the City Engineer within thirty (30) days after receipt of such notice from the City. If the proposed remediation plan and schedule are not acceptable to the City Engineer, the City Engineer shall notify the Owner of the deficiency, and the Owner shall submit a revised plan to the City Engineer within fourteen (14) days after receipt of such notice. If the City Engineer approves the proposed
remediation plan and schedule, the Owner shall perform the remediation in compliance therewith at the Owner’s sole cost and expense.

b. Failure to Repair. If the Owner fails to submit a proposed remediation plan and schedule to the City Engineer as prescribed above, or fails to implement a City Engineer approved remediation plan to bring the Facilities into compliance with the specifications, this Agreement, or applicable law and City Code, as amended, then at the sole cost and expense of the Owner, the City shall have the right, but no obligation, to prepare a remediation plan for the Facilities, enter upon the Property and complete all work necessary to correct the Facilities so as to bring the Facilities into compliance.

c. Reimbursement to the City. The Owner shall reimburse the City within thirty (30) days after receipt of an invoice from the City for any and all costs incurred by the City in connection with preparing a remediation plan for the Facilities and all work completed by the City to bring the Facilities back into compliance.

d. Waiver of Rights and Certification. If the Owner does not timely reimburse the City, the City may recover its costs by levying a special assessment against the Property certifying the same to the Rice County Auditor for collection in the same manner as property taxes upon the Property. The Owner, on behalf of itself and its successors and assigns, hereby acknowledges the benefit of such inspection/maintenance/repair/replacement of the Facilities to the Property and hereby expressly waives any rights to hearings, notice of hearings, objections or appeal relating to the levying of any City assessments, the right to contest the City levied assessments under Minnesota Statutes § 429.081 or the certification of such levied assessments to the Rice County Auditor for collection with property taxes upon the Property.

e. Right of Entry. The City shall have the right to enter the Property to implement the terms of this Paragraph 3 and enforce City Code, including but not limited to Chapter 22. The City shall not be subject to or liable for any claims of trespass by the Owner. City Code, Section 22-308 is incorporated herein by reference, as amended.

4. Standards for Performance. Any act of construction, installation, operation, maintenance, repair or replacement to be performed under this Agreement shall be performed in a good and workmanlike manner pursuant to sound engineering practices and in compliance with all applicable governmental requirements, City Code, the Site Plan, the approved specifications, and applicable law and rules.

5. Amendment, Release or Termination. Notwithstanding anything herein to the contrary, no amendment, release or termination of any of the provisions of this Agreement shall be effective or may be filed of record unless the City consents to the amendment, release or termination. Such consent must be evidenced by a resolution duly approved by the City Council, or successor body. The Owner, on behalf of itself and its successors and assigns, expressly acknowledges and agrees that the City has no obligation whatsoever to approve
or act upon any proposed amendment, release or termination, and may withhold or delay consent for any reason or no reason whatsoever, or may condition consent upon such terms as the City deems desirable, it being the City's absolute right and prerogative to insist that the terms of this Agreement remain in effect and unaltered and to permit amendment, release or termination only at such times and under such circumstances, if any, as the City deems desirable in the exercise of its sole judgment and discretion. The Owner, on behalf of itself and its successors and assigns, further agrees and covenants, consistent with this acknowledgment, not to institute any legal proceedings against the City on the grounds that the City failed to respond appropriately to a proposed amendment, release or termination, and to indemnify the City against any expense, including litigation costs, which the City incurs as a result of any violation by that party of this covenant. The City may, at any time, give up the right to approval granted hereunder, said action to be evidenced by City Council resolution. Notwithstanding anything herein to the contrary, the Property shall not be deemed dedicated to the public or otherwise public land. The City shall have no obligation and no right, other than as provided in this Agreement or under the ordinances, statutes and other laws under which the City operates, to maintain or administer Property.

6. Duration. This Agreement shall constitute a covenant running with the land and shall be binding upon and inure to the benefit of the parties, and any and all of their successors and assigns.

7. Authority. The Owner covenants with the City that they are the fee owners of the Property as described above and have good right to create the covenants contained herein.

8. Attorney's Fees. If any action at law or in equity shall be brought by the City on account of any breach of this Agreement by the Owner, the City shall be entitled to recover from the Owner reasonable attorney's fees, the amount of which shall be fixed by the Court and shall be made a part of any judgment or decree rendered.

9. General Terms.

   a. RECITALS. The recitals to this Agreement are made a part hereof and incorporated herein by reference.

   b. VOLUNTARY AND KNOWING ACTION. The parties, by executing this Agreement, state that they have carefully read this Agreement and understand fully the contents thereof; that in executing this Agreement they voluntarily accept all terms described in this Agreement without duress, coercion, undue influence, or otherwise, and that they intend to be legally bound thereby.

   c. AUTHORIZED SIGNATORIES. The parties each represent and warrant to the other that (1) the persons signing this Agreement are authorized signatories for the entities represented, and (2) no further approvals, actions or ratifications are needed for the full enforceability of this Agreement against it; each party indemnifies and holds the other harmless against any breach of the foregoing representation and warranty.
d. NOTICES. All communications, demands, notices, or objections permitted or required to be given or served under this Agreement shall be in writing and shall be deemed to have been duly given or served if delivered in person to the other party or its authorized agent or if deposited in the United States mail, postage prepaid, for mailing by certified or registered mail, and addressed to the other party to this Agreement, to the address set forth in this Agreement, or if to a party not a party to this Agreement, to the address designated by a party to this Agreement in the foregoing manner. Any party may change its address by giving notice in writing, stating its new address, to any other party as provided in the foregoing manner. Commencing on the 10th day after the giving of such notice, such newly designated address shall be such address for the purpose of all communications, demands, notices, or objections permitted or required to be given or served under this Agreement.

e. NOT PARTNERSHIP, JOINT VENTURE, OR FIDUCIARY RELATIONSHIP CREATED HEREBY. Nothing contained in this Agreement shall be interpreted as creating a partnership, joint venture, or relationship of principal and agent between the City and the Owner.

f. CUMULATIVE RIGHTS. Except as otherwise expressly stated herein, no right or remedy herein conferred on or reserved to the City is intended to be exclusive of any other right or remedy hereby provided by law, but each shall be cumulative in, and in addition to, every other right or remedy given herein or hereafter existing at law, in equity, or by statute.

g. COMPLIANCE WITH LAWS. Owner shall abide by all Federal, State and local laws, statutes, ordinances, rules and regulations now in effect or hereinafter adopted pertaining to this Agreement or to the Facilities, improvements, personal property, programs and staff for which the Owner is responsible.

h. GOVERNING LAW. This Agreement shall be deemed to have been made and accepted in Rice County, Minnesota, and the laws of the State of Minnesota shall govern any interpretations or constructions of the Agreement without regard to its choice of law or conflict of laws principles.

i. DATA PRACTICES. The parties acknowledge that this Agreement is subject to the requirements of Minnesota’s Government Data Practices Act, Minnesota Statutes, Section 13.01 et seq.

j. NO WAIVER. Any party’s failure in any one or more instances to insist upon strict performance of any of the terms and conditions of this Agreement or to exercise any right herein conferred shall not be construed as a waiver or relinquishment of that right or of that party’s right to assert or rely upon the terms and conditions of this Agreement. Any express waiver of a term of this Agreement shall not be binding and effective unless made in writing and properly executed by the waiving party.
k. SEVERABILITY. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision. Any invalid or unenforceable provision shall be deemed severed from this Agreement to the extent of its invalidity or unenforceability, and this Agreement shall be construed and enforced as if the Agreement did not contain that particular provision to the extent of its invalidity or unenforceability.

l. HEADINGS AND CAPTIONS. Headings and captions contained in this Agreement are for convenience only and are not intended to alter any of the provisions of this Agreement and shall not be used for the interpretation of the validity of the Agreement or any provision hereof.

m. SURVIVABILITY. All covenants, indemnities, guarantees, releases, representations and warranties by any party or parties, and any undischarged obligations of City and Owner arising prior to the expiration of this Agreement (whether by completion or earlier termination), shall survive such expiration.

n. RECORDING. This Agreement shall bind the heirs, executors, administrators, assigns and successors of the parties. This Agreement shall be recorded by the City at the expense of the Owner within 30 days of full execution hereof.

IN WITNESS WHEREOF, the parties hereto have hereunto executed this document on the latest date affixed to the signatures hereto.

Purpose: The stormwater management feature identified in this plan serves to treat the stormwater runoff for the Greenvale Park Elementary School site.

Maintenance is necessary for the functionality and long-term success of the stormwater management feature at this site. The stormwater management features identified in this plan include:

1. Proposed Filtration Area
2. Proposed Stormwater Management Pond
3. Proposed Underground Stormwater Storage System

This plan also includes maintenance instructions for slope stabilization, plantings, and sod.
FILTRATION AREA

The following guidelines shall be used to maintain the Filtration Area post construction.

Spring Maintenance — Prior to Vegetation Growth

☐ Remove trash, litter, and other debris.
☐ Remove silt or other soil deposits from the bottom of the Filtration Area.

Early Summer Maintenance — Early to Mid June

☐ Remove trash, litter, and other debris.
☐ Remove weeds. Weed removal is critical before weeds go to seed. Weeds should be removed by hand to physically remove and discard the plant and root materials.
☐ Repair erosion or rivulets occurring on side slopes to the area.
☐ Remove vegetation and debris from the trench drain.

End of Season Maintenance

☐ Remove trash, litter and other debris.
☐ Blow leaves from the Filtration Area. Leaf removal should be done during dry periods to effectively remove leaves.
☐ Remove accumulated sediment from drain tile system if necessary.

STORMWATER POND

The following guidelines shall be used to maintain the Stormwater Treatment Pond post construction.

Spring Maintenance — Prior to Vegetation Growth

☐ Remove trash, litter and other debris.
☐ Remove floating debris.
☐ Remove deposited sediment from all storm sewer piping and flared end sections, including riprap.

Early Summer Maintenance — Early to Mid June

☐ Repair erosion or rivets occurring on side slopes to the basin.
☐ Remove vegetation from flared end sections and riprap.

End of Season Maintenance

☐ Remove trash, litter and other debris.

Bottom of Pond Maintenance

☐ Establish a benchmark pond depth. Using a canoe or similar device, check the pond depth 4-5 times in the middle of the pond. Mark the depth on a pole or rod and put the rod in a safe place for future (4-5 years) use. Record the pond depth in case the rod is misplaced.
☐ Every 5-10 years, and depending on observations, check the depth of the pond with the rod or pole. When the depth is reduced by 1/3 (or the pond is at 2/3 the original depth), plan to dredge the bottom of the pond to restore the original design depth.
☐ Pond restoration is subject to MPCA approval for contaminants that are likely captured in the sediment. Contract a qualified Contractor to dredge the pond who will comply with all MPCA or local requirements.

ADDITIONAL MAINTENANCE ITEMS

The following guidelines shall be used to maintain the steep slopes, sodded areas, and plantings post construction.

Slope Stabilization
- Repair erosion occurring on side slopes.
- Provide additional erosion control measures as needed.
- Re-seed or re-sod eroded areas as needed.

Sodded Areas Maintenance
- Repair erosion or rivulets occurring on side slopes to the area.
- Remove debris from the area.

Plantings Maintenance — Deciduous / Coniferous Trees

Year 2
- Inspect tree for disease or insect problems. Inspect evergreens for winter injury.
- Remove tree wraps in spring.
- Remove stakes after one year.
- Refresh and extend mulch as needed.
- Begin pruning trees to train them into a correcting/desired form. Remove no more than ¼ of the foliage in one season. Retain lower branches on trees to help increase trunk taper more quickly.
- Continue deep watering as needed, until ground freezes.
- Wrap trees as needed for winter protection.

Year 3
- Inspect tree for disease or insect problems. Inspect evergreens for winter injury.
- Remove tree wraps in spring.
- Refresh and extend mulch as needed.
- Begin pruning trees to train them into a correcting/desired form. Remove no more than ¼ of the foliage in one season. Remove lower branches on trees once they begin to interfere with foot traffic or maintenance equipment.
- Continue watering as needed, until ground freezes. Do not over-water the tree.
- If necessary, a fertilizing schedule may begin during third or fourth year.
- Protect trees from mechanical, herbicide, and salt damage
- Wrap trees as needed for winter protection.
Established Trees

- Keep the top 8-12 inches of soil moist around trees during periods of drought. Without proper rainfall, established trees may need to be watered as often as every 10-14 days. The amount of water required varies with local site conditions.
- Do not saturate the trunk when watering.
- Remove extreme ice and snow buildup from evergreen trees. Gently tap the branches to remove ice and eliminate the possibility of breakage.

Plantings Maintenance — Shrubs / Perennials / Grasses

- Establish a light fertilization program. Spread fertilizer around each plant in March. Repeat twice at 6 week intervals. Apply another treatment of fertilizer to late-blooming plants in late summer.
- Water the bed and plants after applying fertilizer.
- Perennials should be mulched during the winter months to protect them from the heaving that results from repeated freezing and thawing of the soil.
- Be careful not to pile mulch heavily over the crowns, as this would encourage rotting.
- Apply mulch around the plants only after several killing frosts.
- Remove winter mulch in the spring when soil temperatures have warmed and active growth on the plants is noticeable.

2. failure to protect a child from conditions or actions that seriously endanger the child’s physical or mental health when reasonably able to do so;

3. failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors such as the child’s age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for his or her own basic needs or safety or the basic needs or safety of another child in his or her care;

4. failure to ensure that a child is educated in accordance with state law, which does not include a parent’s refusal to provide his or her child with sympathomimetic medications;

IV. REPORTING PROCEDURES

A. A mandated reporter as defined herein shall immediately report the neglect or physical or sexual abuse, which he or she knows or has reason to believe is happening or has happened within the preceding three years, to the local welfare agency, police department, county sheriff, tribal social services, or tribal police department. The reporter will include his or her name and address in the report.

B. If the immediate report has been made orally by telephone or otherwise, the oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff, local welfare agency, or agency responsible for assisting or investigating maltreatment. The written report shall identify the child, any person believed to be responsible for the abuse or neglect of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter.

C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

D. A mandated reporter who knows or has reason to know of the deprivation of parental rights or the kidnapping of a child shall report the information to the local police department or the county sheriff.

E. With the exception of a health care professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to.
tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.

E. A person mandated by Minnesota law and this policy to report who fails to report may be subject to criminal penalties and/or discipline, up to and including termination of employment.

G. Submission of a good faith report under Minnesota law and this policy will not adversely affect the reporter’s employment, or the child’s access to school.

H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, and the reckless making of a false report may result in discipline. The court may also award attorney’s fees.

[Note: The Minnesota Department of Education (MDE) is responsible for assessing or investigating allegations of child maltreatment in schools. Although a report may be made to any of the agencies listed in Section IV. A. above, and there is no requirement to file more than one report, if the initial report is not made to MDE, it would be helpful to MDE if schools also report to MDE.]

V. INVESTIGATION

A. The responsibility for investigating reports of suspected neglect or physical or sexual abuse rests with the appropriate county, state, or local agency or agencies. The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the child’s care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of a school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child’s care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.

B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
C. Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.

D. Where the alleged perpetrator is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.

E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency’s intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.

B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.
VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

A. Staff will receive notification of this policy annually.

B. The school district will develop a method of discussing this policy with school personnel.

C. This policy shall be reviewed at least annually for compliance with state law.

Stat. § 144.416 requires that entities that control public places must make reasonable efforts to prevent smoking in public places, including the posting of signs or any other means which may be appropriate.]

I. Prohibition PURPOSE

The school district will not solicit or accept any contributions or gifts of money, curricula, materials, or equipment from companies that directly manufacture and or are identified with tobacco products, tobacco-related devices or electronic cigarette delivery devices. The school district will not
promote or allow the promotion of tobacco products or e-cigarettes electronic delivery devices on school property or at school-sponsored events.

III. IMPLEMENTATION—TOBACCO AND TOBACCO-RELATED DEVICES DEFINED

Violation of Policy 419—Tobacco-Free Environment by employees will be referred to the appropriate supervisor for progressive discipline. “Electronic cigarette delivery device” means any product containing or delivering nicotine, lobelia, or any other substance intended for human consumption that can be used by a person to simulate smoking in the delivery of nicotine or any other substance through inhalation of vapor from the product. Electronic delivery device includes any component part of a product, whether or not marketed or sold separately. Electronic delivery device does not include any product that has been approved or certified by the United States Food and Drug Administration for sale as a tobacco-cessation product, as a tobacco-dependence product, or for other medical purposes, and is marketed and sold for such an approved purpose. Tobacco excludes any tobacco product that has been approved by the United States Food and Drug Administration for sale as a tobacco-cessation product, as a tobacco-dependence product, or for other medical purposes, and is being marketed and sold solely for such an approved purpose.

B. “Tobacco” means cigarettes and any product containing, made, or derived from tobacco that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, or any component, part, or accessory of a tobacco product, including, but not limited to, cigars; cheroots; stoies; perique; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine cut and other chewing tobacco; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco.

Tobacco-related devices include components of tobacco-related devices which may be marketed or sold separately.

D. “Smoking” means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, pipe, or any other lighted or heated product containing, made, or derived from nicotine, tobacco, marijuana, or other plant, whether natural or synthetic, that is intended for inhalation. Smoking includes carrying or using an activated electronic delivery device.

ceremony. An Indian is a person who is a member of an Indian tribe as defined under Minnesota law.

B. A violation of this policy does not occur when an adult nonstudent possesses a tobacco or nicotine product that has been approved by the United States Food and Drug Administration for sale as a tobacco-cessation product, as a tobacco-dependence product, or for other medical purposes, and is being marketed and sold solely for such an approved purpose. Nothing in this exception authorizes smoking or use of tobacco, tobacco-related devices, or electronic delivery devices on school property or at off-campus events sponsored by the school district.

IV. ENFORCEMENT

A. All individuals on school premises shall adhere to this policy.

A court injunction may be instituted against a repeated violator.

G. No persons shall be discharged, refused to be hired, penalized, discriminated against, or in any manner retaliated against for exercising any right to a smoke-free environment provided by the Freedom to Breathe Act of 2007 or other law.
