Reaching Out, Reaching Up:

THE 2027 STRATEGIC PLAN

VISION

We prepare every student for lifelong success by developing critical thinkers who are curious and ready to engage in our society.

BENCHMARKS

1 All children are ready for kindergarten .	2 All students are connected to the community .	3 All students are at grade level in reading and mathematics by the end of third and sixth grades.
4 All students exhibit physical, social and emotional well-being .	5 All students have a connection with a caring adult beyond their parents as they transition to middle school.	6 All students have interests, goals and a vision for the future by the end of eighth grade.
7 All students graduate from high school with a plan to reach their full potential.	8 All employees report satisfaction in the workplace.	9 All parents report satisfaction with their children's educational experience.
10 The district maintains 14% of its annual expenditures in its unassigned fund balance to ensure financial stability .	11 Community education provides relevant and accessible learning opportunities for all residents.	Note: The first seven benchmarks are aligned with the language identified by Northfield Promise, a collective impact consortium of 20 community organizations committed to helping Northfield's youth thrive "from cradle to career"

STRATEGIC COMMITMENTS

People

We prioritize the engagement, satisfaction, and support of every student, staff member, and family.

Learner Outcomes

We prepare every student to be academically and socially ready to choose their preferred pathway after high school graduation.

Equity

We ensure that every child has a fair opportunity to reach their full potential.

Communication

We communicate effectively and transparently with all stakeholders.

Stewardship

We responsibly manage our personnel, finances, property, time and environmental impact.

Partnerships

We seek community partnerships that accelerate student achievement of district benchmarks.

May 11, 2026

Board of Education
Independent School District 659
Northfield, MN

It is with pride and a deep sense of responsibility that I submit and recommend the proposed budgets for the 2026-27 school year. This budget document is one of our primary tools for presenting clear, summarized and transparent financial information to our employees, community members and stakeholders. This report includes our Operating and Proprietary funds with an emphasis on the General Fund, and provides a cohesive summary of the budget presentations delivered over the past several months.

The purpose of a budget is to quantify the strategic priorities and programming decisions that reflect our district's long-term vision. It serves as a guide for the Board of Education to authorize the administration in executing the mission and vision of Northfield Public Schools on a daily basis. A revised budget, incorporating updated enrollment data, finalized staffing agreements, and a comprehensive analysis of the 2026 legislative session, will be presented in December.

In the spring of 2025, Northfield ran a priority-based budget process reducing \$5.792 million to balance the budget. This process focused on aligning financial resources with the district's strategic priorities to maximize student outcomes. Through a transparent, inclusive and data-informed approach, the district engaged more than 80 stakeholders in identifying essential programs and services, ensuring that budget decisions reflect the district's vision and strategic commitments. This robust process in combination with a better fiscal end to 2024-25 has put the district in a stable position for the next few years.

Sixty-eight percent of the district's total funding comes from the State of Minnesota. While the State made a significant investment in public education in 2023, it is essential that we recognize that these increases are helping close the gap on decades of inadequate funding. We expect the state will roll back several funding streams in the coming years in response to a bleak state financial forecast. The Northfield community has been a tireless supporter of our schools. Their unwavering support and commitment to our students is deeply appreciated.

We strive daily to implement the district's strategic plan. We consistently demonstrate good stewardship by analyzing information, prioritizing needs and managing our financial, physical and human resources to support Northfield Public Schools.

Gratefully,

Val Mertesdorf
Director of Finance

BUDGET DEVELOPMENT CALENDAR

December 8	School Board certified the 2025 Payable 2026 Tax Levy.
December 15	Auditors presented results of 2024-25 financial audit.
January 12	School Board approved 2025-26 revised General Fund budget. School Board presented with the financial forecast.
February 9	School Board adopted resolution requiring the administration to make recommendations for additions and reductions in programs and adding or discontinuing positions. School Board presented with proposed Operating Capital and Long-Term Facilities Maintenance budget.
February 23	School Board presented with proposed Debt Service and Internal Service Fund budgets.
March 9	School Board presented with proposed Construction budget.
April 13	School Board presented with proposed Child Nutrition and Community Education budgets.
April 27	School Board presented with proposed budget for the General Fund. School Board adopted the necessary resolutions relating to staffing changes for 2026-27.
May 11	School Board adopts the 2026-27 Proposed Budgets for all funds

STUDENT ENROLLMENT PROJECTIONS

Minnesota funds the majority of its K-12 programs through a complex formula applied to the number of students attending each school. For most funding programs, the pupil count, known as adjusted pupil units (APU) is used to determine school revenue amounts.

The district has experienced incremental declining enrollment for several years. Based on our most recent demographic study, the district anticipates that the total number of students will continue to decline over the next several years.

The October 1, 2025 enrollment numbers were included with historical data to calculate the current enrollment forecast which was prepared using the traditional cohort survival technique and weighting these results to favor more recent years. The following table represents the 2026-27 student enrollment projection. The bottom table includes historical enrollment counts and the longer range forecast for additional context.

2026-27 Projected Average Daily Membership (ADM)

2026-27 Budget Resources All Funds

2026-27 Budget Expenditures All Funds

GENERAL FUND

The General Fund accounts for the primary operations of the district, including educational and instructional support services to students from Kindergarten through twelfth grade, pupil transportation and capital outlay.

Preliminary budget assumptions include an increase in per pupil funding from the State of 2.69%. Overall, revenue will increase approximately 1.6% over the prior year. The increase is related to the inflationary increase from the state, and the additional fees recommended by the priority-based budget teams. The district receives 69% of its revenue from the State of Minnesota. Declining enrollment is one of the most significant financial challenges we face. Seventy percent of our revenue is enrollment-based formulas. The incremental declining enrollment trend we've seen will continue in 2026-27. The Board approved renewal of the operating levy for another ten years which will provided stability to our financial forecast projections.

Projected expenditures are represented with an aggregate increase of 4.5%. The general fund ended 2024-25 better than projected. This in combination with the priority based budget reductions puts the district in a strong financial position. The Board authorized some restorations that are included in this budget.

Our staff and community worked collaboratively to prioritize spending and ultimately balance the budget. I'm pleased to report that the projected ending fund balance in 2026-27 is projected to exceed the Board's goal of 14%. The 14% goal is calculated as a percentage of general fund expenditures excluding operating capital, long-term facility maintenance, scholarship and student activity expenditures. These expenditures are highly volatile, and have been diluting the historical calculation. The calculation will provide fewer erratic variations.

GENERAL FUND**OPERATING CAPITAL and LONG-TERM FACILITIES MAINTENANCE**

The primary source of operating capital revenue comes from local property taxes which includes the voter approved operating capital levy of \$2.2 million. The capital levy was renewed and increased by the voters in November 2022. Long Term Facilities Maintenance revenue is a combination of local levy and state aid. These funding sources have specific restrictions regarding what the district can purchase. Any unspent funds are kept in a restricted fund balance code for future purchases that meet the specifications.

CHILD NUTRITION FUND

The Child Nutrition Fund is a self-sustaining fund whose mission is to provide quality nutritious meals that support the growth and development of our students to fuel their learning. Revenue comes from a variety of sources including state and federal funding, student and adult purchases, federal commodities, and grant dollars.

The majority of the budget is accounted for in labor and food costs. The child nutrition program for the 2023-24 school year began state funding free breakfast and lunch as passed by the Legislature. This has resulted in a substantial increase in participation.

The proposed budget shows a spend down of the fund balance. The child nutrition fund has a fund balance maximum. The child nutrition department is constantly evaluating food costs and direct labor hours per meal served will be the primary focus to ensure budget targets are met. The Child Nutrition team works tirelessly to provide creative solutions for our students to help increase participation.

COMMUNITY EDUCATION FUND

Northfield Public Schools Community Education focuses on lifelong learning, recreation and community involvement. We provide numerous opportunities and classes for all ages to develop skills, stay healthy and inspire creativity.

Our Early Childhood Family Education (ECFE) programs support parents in their role as their child's first and foremost teacher. Among our other Early Childhood Programs, Hand in Hand Preschool and Ventures childcare work together to prepare and support students in year-long learning. The budget for 2025-26 was developed with the goal of sustaining participation in their programs that have rebounded from the pandemic. The community education department has a goal of 14% fund balance.

BUILDING CONSTRUCTION FUND

This fund is used to record all the operations of a district’s building construction projects funded by the sale of bonds. In November 2024, voters approved all three questions in support of the Reimagine Northfield High School referendum. The district issued \$39,000,000 in bonds in February

INTERNAL SERVICE FUND | SELF-INSURANCE PLAN

The district established this fund in 2005-06 to account for the financial activity of the self-insurance plan for the dental benefits provided to employees. In May 2011 the district elected to become self-insured for medical benefits as well. The revenue in this fund represents premiums paid for dental and medical coverage by the district and our active and retired employees. Expenditures represent actual claims and administrative fees paid for dental and medical services received by our current or retired employees covered by the plan.
