# Committee Report

## *Board of Education*

**Name:** Corey Butler                      **Committee:** Northfield Forward

**Date Submitted:** 2/18/2026 14:24:26

---

The Northfield Forward committee, comprising district administration and staff, students, and community members, met Monday, Feb. 16 to hear two exciting presentations.

The first presentation was given by a group of St. Olaf College students who are examining data provided by the district (removed of identifying information) to better understand the correlation between key factors like attendance, grades and ACT scores. The group is in the midst of its research and will report its final results at a future meeting. A key focus of the presentation and following discussion was about how to best engage and support students who have strong attendance but may have either lower grades or lower testing scores. There are a lot of variables at play and future examination and discussion could help develop new or enhanced strategies to support students.

The second presentation was from Northfield High school students who recently attended the student data summit held in collaboration with the Faribault, WEM and TCU districts. Students Ashton, Mariana and Atticus took turns sharing key takeaways and opportunities for improvement in future summits. All agreed it was valuable to attend and discussed their experiences with peers from other districts, walking away with pride and gratitude for the support they receive in the Northfield School District.

Lastly, Dr. Hillmann put out a call for parent volunteers who may want to join an ad hoc committee to review potential requests for reevaluation of instructional materials as part of Policy 652.

# Search Lead feedback – Amy Jordan

**Board member satisfaction survey responses to the question:**

*What was best about working with MSBA on your superintendent search?*

## 2024-2025

### Howard Lake-Waverly-Winsted

Amy's knowledge and assistance on putting together the agendas and meeting all the deadlines.

All the guidance on the search and answering our smallest and biggest questions.

The candidate recommendations were really strong and helped guide us to whom we ultimately chose. Also, having Amy's expertise to work through and guide the process was helpful.

Amy was great! The advice provided by MSBA was quite helpful.

The process felt seamless and smooth, even given the compressed timeline that we had to work with.

### Kasson-Mantorville

Amy was helpful and guided us in a process I wasn't familiar with.

Amy! She got everything to us that the district needed, and she asked for anything she needed.

Organization and guidance from MSBA - also Amy's positive attitude!

Amy was very organized and prepared to answer any of our questions and concerns.

### LaCrescent-Hokah

Having the reassurance with vetting candidates and feedback on what MSBA valued for strengths and weaknesses.

They are pretty smart.

The technology and ability to review apps online.

Getting access to quality candidates kind of like the MLS system in real estate.

The knowledge and expertise in helping the school board find the right candidates to interview.

## **MACCRAY**

Very organized and complete job.

Great support and advice from Amy. Knowledgeable about law and the process pertaining to the search. Reasonable cost for the district.

Great communication, professional, and super data collection.

Amy's thoroughness and follow-through was so helpful. We couldn't have done it without her.

Quality applicants. Well vetted applicants. Support from MSBA every step of the way.

## **Montevideo**

Amy, hands down.

Very flexible, tailoring what we needed to do with our districts' needs/wants

Amy did a very good job of communicating and guiding our school board.

Working with Amy was excellent! Everything was very organized and the process went smoothly.

The full tabling of all information laid out with accuracy and simplicity. Made the process very stressless and enjoyable as possible.

The whole guidance through the process and their candidate selection

## **Nevis**

Amy!

Organization, information given to us, communication, and ease of the process

Very efficient and knowledgeable. Amy really knows her stuff and was able to calmly and professionally guide us through the sometimes confusing and sometimes tense process.

## **Plainview-Elgin-Millville**

Having your knowledge about the process and communicating it every step of the way made it easy not only on our board but also our staff! I can't thank you enough for everything you have done for PEM!

The objective vetting process.

Amy Jordan was excellent. She explained everything very well and did a great job.

The constant communication that we had with Amy Jordan.

Amy was very organized, explained things well and prepared our board well every step of the way.

The open discussion with MSBA staff and the fact that there is no dumb question when it comes to this process.

Working with Amy Jordan!

### **St. James**

Very professional yet personable.

Amy Jordan is awesome. She made everything very easy to help the school board with during the search process. Everything about the process allows the board to make a really informed decision about what the community, school staff, and they themselves need to be looking at to make the best hiring decision. MSBA runs a very transparent process that our community appreciated.

Amy was super helpful, as a new member of school board she dumb it down for me in particular and made the interview process such a breeze.

Thorough and consistent

The process was so well organized.

### **St. Peter**

Thorough, detail-oriented, and good communication. Amy was so positive and helpful. I got a sense she genuinely cared about our search and our district, which was great!

Amy was INCREDIBLE to work with! She was an awesome communicator and was always informing the school board, as well as myself, of what the next steps were. She ran all of the Special Board Meetings very efficiently, yet always taking into consideration the thoughts and feelings of the school board members. She was very knowledgeable and if there was something that she wasn't quite sure about, she was willing to dig for the answer and get back to the school board. Amy indicated that she was always available, so if something came up that needed to be addressed, we never felt like we couldn't connect with her on it. When it came time for interviews, Amy did an amazing job at communicating and guiding the candidates through that process as well. She is such a professional and kind person to work with!

Very well organized and thoroughly transparent. Having all materials well explained and provided almost entirely electronically was of great help, specifically during the initial application review process.

MSBA's representatives were always available to answer questions.

# 2023-2024

## Cleveland

Amy was so knowledgeable and confident. She led our Board and made the process easier for us!

Communication was fantastic. Overall smooth process.

Everyone was very knowledgeable. They also work closely with each other and all genuinely care!

Amy does amazing work!! She was very professional, calm and relaxed. She was thorough in her explanations and answers. If anything came up a call was either answered right away or called back quickly. She made the overwhelming process VERY manageable!!

## St. Charles

Great communication.

Amy was available and shared a wealth of information.

Timelines that were established that included dates.

Very transparent.

the vetting they did on our candidates, and also the timeline that was created.

Everything was done well and professional.

MSBA was spot on.

Amy was wonderful. She was organized, responsive, and helpful throughout the process. Amy was clear in her communication, provided appropriate guidance, and kept the entire process on track. She represented MSBA very, very well and as a result I would recommend MSBA and Amy specifically to anyone who might ask. The last time I was a part of a superintendent search, we chose to go it alone and didn't request this kind of support from MSBA. In hindsight that was a mistake as the investment was very much worth it. Amy was awesome and we really appreciated the partnership.

Thank you MSBA and a huge thank you to Amy.

## Kasson-Mantorville

Amy is the greatest! I learned a lot from her, and she was always available to answer questions and provide feedback to me.

Amy Jordan was top notch every step of the way. She was responsive and supportive. I enjoyed working with her and felt comfortable asking her anything. She was a perfect guide for our board to ensure legal compliance and operate with the utmost integrity. THANK YOU, AMY!

The knowledge and availability of Amy Jordan was second to none-she was always available to answer questions and to guide us through the entire process. She is AMAZING!

I was so impressed with MSBA. I appreciate the consistency and attention to detail. It made me think about what it would be like to work for such a well-organized organization.
