Please do these required trainings online as soon as possible during the August pre-school workshop days. Concussion training for coaches is coordinated through the Activities Office.

Instructions to access online training: Log on to the District website. Under “About”, select “Departments & Services”, select “Buildings & Grounds”. At the bottom of that page, click on “SafeSchools Training”. Use your first initial + last name for the ID and password (all lower case).

When you have completed the training you may print a copy of the completion certificate for your own records. I do not need a copy.

Thank you for your prompt completion of this training.
