

1 The people

2 By the water

3 You and I

4 He called me.

5 What did they say?

6 No way

7

One or two

8

More than the other

9

How many words?

10

This is a good day.

11

Sit down.

12

But not me

13

Not now

14

From my room

15

Will you be good?

16

Then we will go.

17

An angry cat

18

Write your name.

19

That dog is big.

20

Two of us

21

The first word

22

I like him.

23

Out of the water

24

We were here.

25

Could you go?

26

We like to write.

27

Into the water

28

Look for some people.

29

So there you are.

30

A long time

31 Have you seen it?

32 One more time

33 All day long

34 It's about time.

35 Up in the air

36 Which way?

37

He has it.

38

If we were older

39

It's no use.

40

With his mom

41

As big as the first

42

When will we go?

43

From here to there

44

More people

45

Go down

46

Did you like it?

47

When did they go?

48

She said to go.

49 Each of us

50 What are these?

51 There was an old man.

52 It may fall down.

53 See the water

54 But not for me

55 Write it down.

56 Who will make it?

57 What will they do?

58 We had their dog.

59 When would you go?

60 A number of people

61

How long are they?

62

Come and get it.

63

Part of the time

64

Can you see?

65

Now and then

66

Go find her.

67 At your house

68 It's been a long time.

69 Give them to me.

70 Now is the time.

71 May I go first?

72 This is my cat.

73

Get on the bus.

74

Did you see it?

75

How did they get it?

76

Number two

77

Look up.

78

All or some

79

A long way to go

80

For some of your people

81

The other people
