

Welcome to 6th Grade!

NEW teachers. NEW classes. NEW friends. NEW demands. NEW choices. And many NEW opportunities! As 6th grade teachers, we strive to create a safe and welcoming environment that considers the unique experiences, interests, and talents each student brings to our classroom. We are here to support, encourage and guide our students through all of these new experiences!

Meet the Team 2 Teachers!

SARA MIKKELSON - ENGLISH

Years in Education: 26

Prepared
Respect
Integrity
Dependability
Excellence

Communication, Assignments & Grades

Within the first few days and weeks of school, students will learn how to use several resources to locate, complete, manage, submit and monitor assignments and grades. It takes a little time and patience, but it will become second nature before you know it! This is a great opportunity for students to develop age-appropriate independence and responsibility for their own learning.

SCHOOLGY

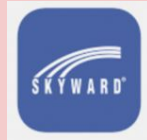

This is the place where teachers post assignments, directions and resources. It is also where students submit many of their completed assignments. If you have a question about an assignment, start here.

NMS PRIDE PLANNER: This is where students will record all of their assignments each day. Students should use this information to prioritize their assignments and check them off as they complete them.

SKYWARD (FAMILY ACCESS)

This is where you go to check grades and get a list of all missing assignments. Check Skyward (Family Access) often to monitor academic standing and progress. Skyward is used district-wide at all grade levels.

iPads: Students will use their iPads on a daily basis. They should bring their iPads **fully charged** every day, along with their earbuds. We recommend bringing their charging blocks and cords as well, just in case. Please label iPads with first and last names.

DAILY LESSON HIGHLIGHTS (DLH)

This is your one-stop-shop to see what has been covered and assigned each day in all five core classes. The [link](#) is posted at the top of each teacher's Schoology page. Please bookmark it and check it often to see what we are up to!

Our goal is to help our students feel welcome, safe, motivated and successful at Northfield Middle School. We look forward to partnering with you in this effort in the year ahead!

When you have questions about your student's assignments or something that occurred at school, we recommend following these steps to find the answers:

1

Talk with your student. Check their planner and Daily Lesson Highlights.

2

Then, if needed, refer to Schoology and Skyward to see if your questions can be answered there.

3

Finally, if questions remain, contact your student's teacher(s) for more information.
