## IN THE LOOP

SIBLEY + NEW GREENVALE PARK ELEMENTARY

Friday, March 27, 2020

Gearing up to build the bathrooms

Forming for Air Handler Pads

Air Handlers for the Building

### SIBLEY ELEMENTARY

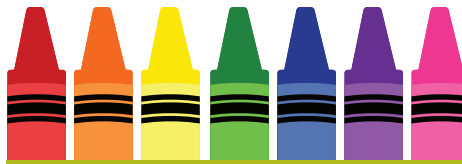

#### PROJECT FACTS

- Sibley Elementary is a 14,000 square foot cafeteria and media expansion with renovated classrooms in the existing space.

#### Project Milestones:

03.16.20 – Interior flooring starting

**OxBlue Webcam:** <https://app.oxblue.com/open/Knutson/Sibley-Elementary-School>

#### FUN FACT OF THE WEEK

Air handlers are big fans that move air around a building. You could say they work similar to an air conditioner, but these ones are slightly bigger than the ones at your house.

### GREENVALE ELEMENTARY

#### PROJECT FACTS

- New Greenvale Elementary is a brand new 90,000 square foot elementary school project. The two-story building will have a fully-secure entrance.

#### Project Milestones:

03.16.20 – Sheetrock starting

**OxBlue Webcam:** <https://app.oxblue.com/open/Knutson/Greenvale-Elementary>
