

Policy 513.1 DETERMINATION OF LEGAL AGE OF STUDENTS FOR SCHOOL ADMISSION

I. PURPOSE

The purpose of this policy is to define how Northfield Public Schools will verify evidence of age for kindergarten enrollment.

II. GENERAL STATEMENT OF POLICY

Minnesota Statute 120A.20 requires that "A person shall not be admitted to a public school

1. As a kindergarten student, unless the student is at least five years of age on September 1 of the calendar year in which the school year for which the student seeks admission commences, or
2. As a first grade student, unless the student is at least six years of age on September 1 of the calendar year in which the school year for which the student seeks admission commences or has completed kindergarten; except that any school board may establish a policy for admission of selected pupils at an earlier age."

The district is obligated to comply with state law. Therefore, in order to verify the age of a student applying for admission to Northfield Public Schools, the building principal will require either an official birth certificate issued by the county of birth, a hospital birth certificate provided the child's name was originally included on it, or other record, deemed satisfactory by the building principal, which provides evidence of age.
