The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

VII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

A. B. Private Records Not Accessible to Parent

1. In certain cases state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all. Pursuant to Minnesota law, child welfare reports pertaining to abused and battered children shall be accessible to appropriate welfare and law enforcement agencies and the subject individual alone. The district shall not make such reports available to the parent.
2. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minn. Stat. §§ 144.341 to 144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

VIII. DISCLOSURE OF CONFIDENTIAL RECORDS

Confidential records are those records (and data within those records) which are made not public by state or federal law and which are inaccessible to the student and his or her parent or to an eligible student.

A. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minn. Stat. § 626.556, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff or the local police department subject to the provisions of Minn. Stat. § 626.556, Subd. 11.

Regardless of whether a written report is made under Minn. Stat. § 626.556, Subd. 7, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

B. Investigative Data

1. Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or which are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.
2. The school district may make any data classified as protected non-public or confidential data pursuant to this subdivision accessible to any person, agency or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
3. A complainant has access to a statement he or she provided to the school district.
4. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minn. Stat. 13.393.
5. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.

6. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative or arbitration proceedings.

C. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

IX. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. § 121A.40, et seq.

X. DISCLOSURE OF DATA TO MILITARY RECRUITMENT OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.
- B. Data released to military recruiting officers under this provision:
 1. may be used only for the purpose of providing information to students about military service, state and federal veterans’ education benefits, and other career and educational opportunities provided by the military; and
 2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.
- C. A parent or eligible student has the right to refuse the release of the name, address, or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority in writing each year. (See Appendices C and D.)
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student’s refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district’s release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, phone number, and grade level of students as directory information, absent a request from a parent or

eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XI. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section Disclosure of Education Records of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section Disclosure of Education Records of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section Disclosure of Private Records of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 U.S.C. § 14071. However, the school district must provide the notification required in Section Release of Directory Information of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Release of Directory Information of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 C.F.R. § 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in § 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access

to personally identifiable information from education records for at least five (5) years.

XII. RESPONSIBLE AUTHORITY, RECORD SECURITY; AND RECORD KEEPING

- A. The responsible authority shall be responsible for the maintenance and security of student records and shall be the superintendent of schools or his or her designee.
- B. Record Security – The principal of each school and the Director of Student Services, subject to the supervision and control of the superintendent, shall be the records manager of his or her school or program and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records. The Office of the Superintendent shall be the records manager for student records maintained in the district storage.
- C. Record-keeping – The school district shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record kept with the education records of the student which indicates:
 - 1. The parties who have requested or obtained personally identifiable information from the education records of the student;
 - 2. The legitimate interests these parties had in requesting or obtaining the information;
 - 3. The date of the request, and
 - 4. Whether the request was granted and, if it was, the date access was permitted or the disclosure was made.
- D. Section C above does not apply to disclosures to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student when the consent is specific with respect to the party or parties to whom the disclosure is to be made, disclosures to school officials under Disclosure of Education Records or disclosures of directory information under Release of Directory Information.
- E. The record of disclosures may be inspected by the parent of the student or the eligible student, and by the authority responsible for the custody of the records.

XIII. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

- A. The district shall permit the parents of a student or an eligible student who is or has been in attendance in the district to inspect and review all education records of the student (except those records which are made confidential by state or federal law). A written request must be submitted in accordance with district procedure. All education records includes education records kept by teachers, counselors and other school staff members, and education records kept in school offices and district-level records storage. The district shall comply with a request immediately, if possible, or within 10 working days of the date of that request.
- B. The right to inspect and review education records under Section XII. A. (Right to Inspect and Review Education Records) includes:
 - 1. The right to a response from the district to reasonable requests for explanations and interpretations of the records, and
 - 2. The right to obtain copies of the records from the district where failure of the district to provide the copies would effectively prevent a parent or eligible student from exercising the right to inspect and review the education records.

- C. The district may presume that either parent of the student has authority to inspect and review the education records of the student unless the district has been provided with evidence that there is a legally binding instrument, or a state law or court order governing such matters as divorce, separation or custody, which provides to the contrary.
- D. The school district shall charge a reasonable fee for providing copies of records. The cost of providing copies shall be borne by the parent or eligible student, except when to do so would impair the ability of the parent or the eligible student to exercise their right to inspect and review those records. Copying costs shall be waived for families eligible for free or reduced school lunch. Parents or eligible students shall request a fee waiver in writing.

XIV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

- A. Request to Amend Education Records – The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy of the student may request in writing that the district amend the records.
 - 1. The superintendent or designee shall decide whether to amend the education records of the student in accordance with the request within a reasonable period of time of receipt of the request.
 - 2. If the superintendent or designee decides to refuse to amend the education records of the student in accordance with the request, he or she shall so inform the parent of the student or the eligible student of the refusal and advise the parent or the eligible student of the right to a hearing under Section B below.
- B. Request for Hearing – The district shall, on request, provide an opportunity for a hearing in order to challenge the content of a student's education records to insure that information in the education records of the student is not inaccurate, misleading, incomplete or otherwise in violation of the privacy or other rights of students. The hearing shall be conducted in accordance with Section C below.
 - 1. If, as a result of the hearing, the district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
 - 2. If, as a result of the hearing, the district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, it shall inform the parent or eligible student of the right to place in the education records of the student a statement commenting upon the information in the education records and/or setting forth any reason for disagreeing with the decision of the agency or institution.
 - 3. Any statement placed in the education records of the student based on the results of a hearing to amend that student's records shall:
 - a. Be maintained by the district as part of the education records of the student as long as the record or contested portion thereof is maintained by the district, and
 - b. If the education records of the student or the contested portion thereof is disclosed by the district to any party, the statement shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place and time reasonably in advance of the hearing.
2. The hearing may be conducted by the superintendent or other designated representative of the school board who has no direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the district's position and to advise the superintendent or designated representative on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity at the hearing to present evidence relevant to the issues raised under sections A. and B. above and may be assisted by individuals of his or her choice at his or her own expense, including an attorney.
4. The decision shall be made in writing in a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.
5. The decision of the superintendent or designated representative shall be the final decision of the district.

D. Appeal

The decision of the superintendent (responsible authority) or designated representative may be appealed in accordance with the applicable provisions of the State Administrative Procedures Act, Minnesota Statute, Chapter 14, relating to contested cases.

XV. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA and the rules promulgated thereunder, shall be submitted in writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW., Washington, D.C. 20202. A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVI. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XVII. ANNUAL NOTIFICATION OF RIGHTS

The district shall give parents of students in attendance or eligible students in attendance annual notice by such means as are reasonably likely to inform them of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;
3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the

- extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;
4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;
 5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and
 6. That the school district forwards education records on request to a school in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal Every Student Succeeds Act and, if applicable, a student's history of violent behavior.

Notification to Parents of Students Having a Primary Home Language Other Than English

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

Notification to Parents or Eligible Students Who are Disabled

The school district shall provide for the need to effectively notify parents or eligible students identified as disabled.
