

Policy 610 FIELD TRIPS

I. PURPOSE

The purpose of this policy is to provide guidelines for Northfield School District student trips and to identify the general process to be followed for review and approval of trip requests.

II. GENERAL STATEMENT OF POLICY

The general expectation of the school board is that all student trips will be well planned, conducted in an orderly manner and safe environment, and will relate directly to the objectives of the class or activity for which the trip is requested.

- A. Day trips are those field trips in which students voluntarily participate and which usually take place either during or outside the regular school day. Examples of trips in this category involve class field trips, student activities, clubs, and other special interest groups. These trips are subject to review and approval of the activities director and/or the building principal.
- B. Overnight trips that involve one or more overnight stops must be requested well in advance of the planned activity. An Overnight Student Field Trip Request form must be completed and approved by the school board. Exceptions to the approval policy may be granted or expedited by the superintendent to accommodate emergencies or contingencies (e.g., tournament competition).
- C. Financial contributions for field trip expenses by students may be requested. The school board acknowledges and supports the efforts of PTOs, booster clubs and similar organizations in providing field trip opportunities for students.
- D. All district rules of conduct and discipline for students and employees shall apply to all student trip activity.
- E. The school administration shall be responsible for providing more detailed procedures, including parental involvement, supervision, and such other factors deemed important and in the best interest of students.
- F. Transportation shall be furnished through a commercial carrier or school-owned vehicle. An employee may use a personal vehicle to transport staff or personal property for purposes of a field trip upon prior, written approval from administration. An employee must not use a personal vehicle to transport one or more students for purposes of a field trip.
 - 1. If immediate transportation of a student is required due to an emergency or unforeseen circumstance, such as the illness or injury of a child, and the transportation does not constitute regular or scheduled transportation, a personal vehicle may be used. To the extent a personal vehicle is used, the vehicle must be properly registered and insured.

2. An employee must obtain preapproval by administration of student transportation by a personal vehicle, pursuant to Section II.F.1, if practicable. If preapproval by administration of use of a personal vehicle cannot be obtained in a reasonable time given the circumstances, an employee shall report the relevant facts and circumstances justifying the need for use of a personal vehicle to administration as soon as practicable. The relevant facts and circumstances of use of a personal vehicle shall be documented by administration.
