

Policy 616 SCHOOL DISTRICT SYSTEM ACCOUNTABILITY

I. PURPOSE

The purpose of this policy is to focus public education strategies at Northfield Public Schools on a process which promotes higher academic achievement for all students and ensures broad-based community participation in decisions regarding the implementation of the Minnesota Academic Standards and federal law.

II. GENERAL STATEMENT OF POLICY

Implementation of the Minnesota academic standards and federal law will require a new level of accountability for the district. The district will establish a system to transition to the graduation requirements of the Minnesota academic standards. The district also will establish a system to review and improve instruction, curriculum, and assessment which will include input by students, parents or guardians, and local community members. The district will be accountable to the public and the state through annual reporting.

- B. “Graduation Standards” means the credit requirements and locally adopted content standards or Minnesota Academic Standards that districts must offer and certify that students complete to be eligible for a high school diploma.
- C. “World’s Best Workforce” means striving to meet school readiness goals; have all third grade students achieve grade-level literacy; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.
