

## **GUIDELINES FOR PROFESSIONAL GROWTH PROCEDURES 2020-2021**

1. Earning 10 approved semester credits make a staff member eligible for a lane change. Transfers can be made at the beginning of each quarter.
2. To change lanes, the staff member must obtain and submit an “Intent to Change Lane” form on or before the cut off date for the time of the proposed change. These forms are available on the District’s website or from a Professional Growth Committee member. The form can also be obtained on the staff website under HR Forms. There is no penalty for failing to fulfill the stated intent: however, without such intent, no lane change will be granted. If you fail to qualify by the stated time, you must indicate your desire to continue your request with your building representative by the scheduled due date or it will lapse. In that case, you must refile at a later date. Intent forms are due September (see reverse side for specific due dates) for a second quarter change; October for a third quarter change; January for a fourth quarter change; and May for a Fall lane change.
3. Official transcripts are necessary as final evidence of college credit; however, grade slips are temporarily acceptable for initiating lane changes. You will not receive a salary advancement for the Fall lane change unless an indication of course completion (grade slips or transcripts) is submitted by “B” Status due date. Transcripts are due by the “A” status due date. **Please note that all “e-transcripts” must be sent directly to your building representative from your college/university via email for verification and printing of your official transcript.**
4. If you are unsure whether a course will be acceptable according to the criteria of XX, Section 4 of the Master Contract, see your building representative.
5. No more than 4 local credits can apply to a given lane change, except as noted in Section 4, paragraph C6 of Article XX of the Master Contract. The number of local credits must be determined before the course or workshop is offered or travel undertaken. If prior approval is not obtained, local credit may be denied. No more than a career total of 6 credits for travel shall be allowed for any individual teacher. A certificate of approval will be issued for all approved local credits, and members are required to place them in their personnel files.
6. Each staff member’s professional growth file is maintained in the building where the staff member works or has his or her “home base”. However, only copies of transcripts will be maintained in building files. All official transcripts will be stored in district personnel files. It is the responsibility of each staff member to keep an updated file.
7. Regular committee meetings are held 5 times each year. Meeting dates are listed on the back of this guideline sheet. Each meeting is followed by the printing and distributing of the minutes of the meeting. Read them. They are the mainstay of communication between the committee and the rest of the staff.
8. The Professional Growth Committee requests that all staff become familiar with the contents of the Professional Growth Program (Article XX) of the Master Contract.
9. Keep an updated duplicate file at home.

## 2020-21 PROFESSIONAL GROWTH DEADLINE-DUE DATES

|                            |   |  |
