#### Description of district's efforts to screen and identify dyslexia

Beginning in the fall of 2019, parents of students in Grades K-3 will complete a 5 question survey. That data combined with the results from fall MAP assessments will be used to determine students who are at risk of dyslexia. A letter will be sent to parents whose students qualify with the criteria. The district literacy plan will be updated before school begins to reflect the dyslexia screening and results.

#### Description of district's efforts to screen and identify convergence insufficiency disorder

Students who are not reading at grade level will be identified for interventions. If the interventions are not successful, parents will be notified by letter that their child may be at risk for convenience insufficiency disorder and recommended to seek a medical diagnosis.
