

# Safety Committee Meeting Agenda

Attendance: Kiwi, Nate K, Ruthie, Michael,

Wednesday December 17, 2025 @ 3:30 District Office - Conference Room 105

---

## Last Meeting Follow-up

- Reporting app - working on MOU with [Sandy Hook Promise](#)

## New Business

- Reunification current status and next steps
- Slips and falls report since the first storm (3)
- We have added keypads at the Elementary Schools
  - Early and Kid Venture parents will get a PIN issued
  - This will allow us to lock the doors before school until bus drop-off
  - We will issue a holiday code for a building, and parents throughout the district will be able to access the KV site from 6:30 am to 5:45 pm
  - Summer Ventures will work the same way. The buildings will be locked rather than have a door unlocked while we have kids/programming going on.
- Any PPE needed?
  - Hi-viz/reflective zip-up sweater - is this for Car patrol? What buildings still need this? How many?

Door propped open email alert from S2, it stopped recently and Michael hasn't received alerts. Justin Raabolle

- Check in with buildings to make sure they are doing i love you guys drills. Not allowed to do Hold and Secure at the same time. Coordinated district level drills not done this year. Someone needs to check on doing drills. Get a pulse on where we are at. Michael was the one that planned this in the past.

**Next Meeting March 4, 2025**
